Subject: Expedited rate making process

I agree with the proposed rule to provide electric cooperatives an expedited process for rate-making. I see how expensive the drawn out the process is, and agree that it needs to be shortened and agree with the proposed rule. I also like that the provisions for member input and interaction into proposed rates remain essentially the same. I appreciate your support.

Subject: Docket RU-00000A-12-0270

Arizona Commissioners:

RE: Proposed Rulemaking on Processing of Cooperative Utility Rate Cases,
Docket # RU-00000A-12-0270

I write to you to ask for your support. As a member of a cooperative, I am aware of the costs and time put forth in a rate case filing. I agree with the proposed rule to provide electric cooperatives a quicker process for rate-making. I agree that this process needs to be shortened and agree with the proposed rule. I also like that the provisions for member input and interaction into the proposed rates remain basically the same.

Thank you,
Paula Griffes

Dear Mr Pierce,

I strongly object to any proposal that would avoid the use of the Arizona Corporation Commission. The rate increase structure through them was designed to prevent unscrupulous business monopolies from taking unfair advantage of their customers. It requires that a utility prove the need to raise their rates. If this protection costs me some money then I am glad to pay it. NO to Docket RU-00000A-12-0270

Subject: Expedited process for rate-making/ajusting

I have lived in Bullhead city for almost 50 years and a member of our co-op for about 35 years. we have not had a rate increase

in over 21+ years I have full faith in our co-op and the work that they have done on our behave. I understand that Mohave Electric

has a request before your community, and that the delays is costing our coop(member owned)large sums of uncollected fee/rates

because of the time in delays and procrastination, please give the utmost attention to this request and expedited the process for a rate

making.

Thank you for your support

Gordon J Ennes

My wife, Cindy Christy, and myself have been members of the Mohave Electric Cooperative in Bullhead City since 1974. This email will serve to inform you that both myself and my wife agree with the proposed rule to provide electric cooperatives expedited process for rate making. We are also in favor of the provision for member input and interaction into proposed rates remaining essentially the same.

We appreciate your support. Thank you, Jack S. Christy

Under Arizona law, e-mail and email addresses are public records. If you do not want your e-mail address released in response to a public-records request, do not send electronic mail to this entity. Instead, contact the District Office by phone or in writing, at 8450 S. Olive Ave. Mohave Valley, AZ 86440. Anything sent in writing is also a public record. E-mail sent to any officer or employee of Mohave Valley School District with respect to their official duties is also public record.
